

BAWSCA Asset Management Audit Request for Proposals

Addendum #1: Consultant Questions and Answers

May 24, 2019

- 1. What are the interests in evaluating IT capabilities to support asset management? it is noted on Page 4 and then on Page 5 Task 3 mentions in-person reviews of computer systems. Is the desire to look at the IT infrastructure as well as the functionality of the software systems?**

Where IT systems are integral to the Asset Management Program, we anticipate they will be included in the review.
