

Get Up to \$125 for Replacing Your Old Toilet With a High-Efficiency Toilet

Participating BAWSCA Agencies are offering up to a \$125 rebate when you replace your old toilet with an **EPA WaterSense Labeled High-Efficiency Toilet (HET).**

A toilet that uses 3.5 gallons per flush (GPF) or more accounts for about 26% of your home's indoor water use.

One of the easiest ways to lower your indoor water use is to install a HET, which uses 1.3 GPF or less.

Although HETs use approximately 62% less water, they remove waste effectively and perform well.

HIGH-EFFICIENCY TOILET REBATE PROGRAM ELIGIBILITY RULES

- Rebates are \$75 per high-efficiency toilet (HET) or \$125 per MaP Premium high-efficiency toilet (Premium HET), up to the total cost of toilet, not including sales tax, whichever is less.
- To receive the \$125 rebate, you must purchase a MaP Premium qualifying HET. MaP Premium HETs use 1.06 gallons per flush or less, and meet a minimum MaP threshold of 600 grams of waste removed from the toilet fixture in a single flush. A link to the list of MaP Premium HETs can be found at www.bawasca.org.
- To receive the \$75 rebate, you must purchase an EPA WaterSense Labeled HET. A link to the list of EPA WaterSense Labeled HETs can be found at www.bawasca.org.
- HETs must be purchased between July 1, 2016 and June 30, 2017. The HET installation must be complete, and the rebate application postmarked, within 90 days of the HET purchase date.
- A separate and complete HET rebate application must be submitted for each metered address.
- Original HET receipt(s) must be included with the HET rebate application. If you need the receipt(s) returned, please enclose a self-addressed, stamped envelope with your application.
- The HET must be installed within the service area of the water agency that is paying the rebate.
- **Pre-Qualification Requirements:** Applicant must contact their local water agency to pre-qualify if Applicant is: (1) not listed on the water service account, (2) a customer of **Daly City** or **Estero Municipal Improvement District**, or (3) a commercial customer of **Coastside County Water District**.
- **Customers of Alameda County Water District:** Alameda County Water District does not provide HET rebates for homes built after 1994.
- **Customers of Estero Municipal Improvement District:** Commercial accounts are eligible for MaP Premium HET rebates only.
- **Customers of Redwood City:** Rebates are provided for MaP Premium HETs only.
- Toilets purchased for new construction do not qualify for a rebate.
- All sites are subject to post-installation inspections. Pre-purchase and post-installation inspections are required at any sites where seven (7) or more rebates are issued.
- Rebates are \$75 - \$125 per HET, or up to the total cost of the HET (not including sales tax), whichever is less.
- All rebates are subject to availability of funds. Rebates may take up to eight (8) weeks to process.
- Rebates are issued as checks or as credits on water service accounts.
- **Limit:** Three (3) rebates per living unit, not per account. Ten (10) rebates per commercial account. *For questions regarding rebates in excess of these limits, contact your water agency.*
- **Mid-Peninsula Water District** offers a total of six (6) rebates per commercial account.
- Applicant must be a water customer in good standing with a participating BAWSCA Agency. If Applicant is not the property owner and/or is not listed on the water service account, Applicant must submit documentation that includes the property owner/account holder's contact information.
- Accounts that have reached the limits specified above for prior toilet rebates, or that have previously received toilets through a water agency direct installation or distribution program, are not eligible for rebates.
- BAWSCA and the local water agencies reserve the right to deny a rebate to any Applicant that does not meet the program requirements.
